

Sea Turtle

Slow Down and Enjoy

The uniform depth of the Sea Turtle gives you the flexibility to stand and chat or get a good game started. Find the perfect spot for it in your backyard, and let the party begin.

Pool Sizes

9.5' x 19.5' 4'6"

1. **Elongated benches** can be outfitted with spa jets.
2. **4'6" flat-bottom depth** is great for games, water activities and entertaining.
3. **Non-skid surface** on the floor, benches and steps is easy on your feet and your swimsuit.
4. **Auto-cover ready** to help you keep your new pool safe and clean.
5. **Swim jet system-ready design** makes it easy to add a swim jet system such as Badu®.

THURSDAY POOLS®

Your weekend starts early with us

Nine Layers Of Strength

The Composite Sandwich of Awesomeness

Let's think of a fiberglass pool shell as a huge sandwich. A sandwich is a composite, which basically means it's made up of different materials. Each material is applied in layers with the goal of giving the entire sandwich maximum flavor.

Such is the case with a fiberglass pool, which is also a composite. It's manufactured in multiple layers with each layer serving to maximize the strength and durability of the entire structure. In other words, our fiberglass pool is thought of as a sandwich of strength. Hence, we affectionately refer to our unique manufacturing methodology as our **Composite Sandwich of Awesomeness**. Here's what we put in it:

- | | | |
|---|--|--|
| 1. Gel coat. | 4. Second application of chopped fiberglass. | 7. Honeycomb core. |
| 2. 100% vinyl ester barrier coat. | 5. Hand-laid woven roving fiberglass. | 8. Fourth application of chopped fiberglass. |
| 3. First application of chopped fiberglass. | 6. Third application of chopped fiberglass. | 9. Fifth application of chopped fiberglass. |

*Handrail, rope with floats, and safety equipment may have been removed for photography purposes. Thursday Pools requires its pools to be installed with a handrail and be in compliance with all federal, state and local building codes.
