

Sandal Beach Entry

UTILITY AND DESIGN PATENT PENDING

Life's a Beach

You'll feel like every day is a lazy day by the sea with Sandal. It brings all the joy of a day at the beach without the sand in your swimsuit!

Pool Sizes

16' x 34.5'	5'8"	16' x 39'	6'
-------------	------	-----------	----

1. A **zero entry** that is perfect for dipping your toes in the water and lounging at the water's edge.
2. A **non-skid surface** on the floor, stairs and benches is easy on your feet and your swimsuit.
3. A **12" deep sun shelf and swim-out** are perfect for ledge lounging and soaking up the sun.
4. A **courtesy ledge around the deep-end** gives you a place to take a break and stand.

Nine Layers Of Strength

The Composite Sandwich of Awesomeness

Let's think of a fiberglass pool shell as a huge sandwich. A sandwich is a composite, which basically means it's made up of different materials. Each material is applied in layers with the goal of giving the entire sandwich maximum flavor.

Such is the case with a fiberglass pool, which is also a composite. It's manufactured in multiple layers with each layer serving to maximize the strength and durability of the entire structure. In other words, our fiberglass pool is thought of as a sandwich of strength. Hence, we affectionately refer to our unique manufacturing methodology as our **Composite Sandwich of Awesomeness**. Here's what we put in it:

- | | | |
|---|--|--|
| 1. Gel coat. | 4. Second application of chopped fiberglass. | 7. Honeycomb core. |
| 2. 100% vinyl ester barrier coat. | 5. Hand-laid woven roving fiberglass. | 8. Fourth application of chopped fiberglass. |
| 3. First application of chopped fiberglass. | 6. Third application of chopped fiberglass. | 9. Fifth application of chopped fiberglass. |

*Handrail, rope with floats, and safety equipment may have been removed for photography purposes. Thursday Pools requires its pools to be installed with a handrail and be in compliance with all federal, state and local building codes.
