

# Titus

## Curvy, Playful

If you're after a little exercise or just a refreshing dip, Titus is your guy. He's ready to create a diversion from the everyday blues every day of the week.

### Pool Sizes

12' x 26' 5'5" 14' x 33' 5'10"

1. **Wide-entry steps** with built-in seats make a great spot for visiting and relaxing.
2. **Non-skid surface** on the floor, benches and steps is easy on your feet and your swimsuit.
3. **Elongated benches** provide hours of socializing and fun with family and friends.
4. **Ideal depth for exercise** so you can enjoy water aerobics, games and more.

THURSDAY POOLS

Your weekend starts early with us

## Titus

12' x 26' 5'5"

\*Non-Diving Pool

## Titus

14' x 33' 5'10"

## Nine Layers Of Strength

### The Composite Sandwich of Awesomeness

Let's think of a fiberglass pool shell as a huge sandwich. A sandwich is a composite, which basically means it's made up of different materials. Each material is applied in layers with the goal of giving the entire sandwich maximum flavor.

Such is the case with a fiberglass pool, which is also a composite. It's manufactured in multiple layers with each layer serving to maximize the strength and durability of the entire structure. In other words, our fiberglass pool is thought of as a sandwich of strength. Hence, we affectionately refer to our unique manufacturing methodology as our **Composite Sandwich of Awesomeness**. Here's what we put in it:

- |   |  |  |
|---|--|--|
| 1. Gel coat.                                | 4. Second application of chopped fiberglass. | 7. Honeycomb core.                           |
| 2. 100% vinyl ester barrier coat.           | 5. Hand-laid woven roving fiberglass.        | 8. Fourth application of chopped fiberglass. |
| 3. First application of chopped fiberglass. | 6. Third application of chopped fiberglass.  | 9. Fifth application of chopped fiberglass.  |

\*Handrail, rope with floats, and safety equipment may have been removed for photography purposes. Thursday Pools requires its pools to be installed with a handrail and be in compliance with all federal, state and local building codes.
